Let Her Go!

Yes, that's it, "Let her go!" Booms seem to be the order of the day. We are continually hearing of his feast being completed. A new boat leaves all record and crosses the Atlantic under six days; balloons impinge his life in an attempt to reach a higher altitude than has yet been attained by man.

There's the 50,000 altitude! We shall We Reach It? Will You Help?

Why should every visitor here have an encounter with the Cry? People hawk flowers, watercress, crockery, and all manner of things for administering bodily comfort, why should not that great helper of souls, the Cry, also come within the purchasing reach of every individual?

Then there's the market-square. Hundreds, and thousands in many cases, come flocking into the markets to find bargains.

Why shouldn't every visitor here have an opportunity at purchasing the best bargains in the market ever placed before the public who were alive? We have heard of people making money with very great profit for the sake of nothing but the Cry and

other Army publications.

What an exciting poster might have outside a stationer's shop! Many, whose dignity would not permit them to be seen buying a Cry at the hardware or in the street, would think it quite a proper and responsible thing to purchase one of the orthodox book-store keeper. Why not ask every one of these to show a poster and take a few Crys on sale or return? A trade, and a good one, would soon spring up in this way.

Why are the outside of Army barracks so notable for the absence of Cry posters? This has always been a puzzle to us. Churches are certainly not too proud to paste bills of coming events, etc., outside their grand structures; then why should the Cry be so consistently boycotted?

If you ask an American the easiest and best way to make a fortune, he will answer, "Advertise." If you want to sell your Cry, advertise outside and in, and more the better.

We would ask our readers to study the gooseberry in our illustration, and long of them to put one or all of the "measures" into operation for the purpose of raising the warcrial will to send our Cry, as represented by the balloon, to the longed-for altitude of 50,000 copies per week.

"Let Her Go," Comrades, All!

We are afraid many, by their attention from pushing the sale, have been holding her back. Let this be so no longer. Let her go! Lead a hand at once to steady her and help her to rise. Buckle to at once. Let's have no more dragging at the ropes! If you've never helped her before, help now! Here's your chance! We are bent on reaching the height of 50,000, and we'll do it. Don't you be left outside the business! Have a finger in the pie! Take your name to the Captain, shoulder a bundle of papers and take them to the world. They'll buy if you push.

"Let her go," again we say. For the simple reason, "Let her go!" For the sake of Him for Whom every line of the Cry is written, edited, and printed. Let her go! and for your own sake for it will be one of the best days' work you ever did in your life—Let her go!

God Speed the Boom!

We are praying and believing.

THE CHRISTMAS CRY
It will be a beauty.

WHAT SAYS THE KINGSTON D. O.

Read and Learn.

The A. D. C. and myself have been out proper hunt for souls during the last four or five days all through the Division, and rare old time we have had. The A. D. seems well satisfied with our Eastern comrades and the comrades seem satisfied with him, so the thing is mutual and we must expect higher things than ever.

The Holy Ghost has aided us in making

At Wellington we welcomed three men into our ranks as soldiers of our Army, at Stirling our hearts were rejoiced seeing one soul come to our Christ, we took her in and freely forgave her of her sins.

At Picton we run another young man as a full fledged soldier. God bless Him! He has already developed into a candidate

At Kingston the holiness meeting was great; five out for full salvation. One man, who had been a drunkard, was everybody he had hated; and apostolized God to save him, having been told that he would be saved. He was glad too, Hallelujah! All professing to get right with God, being willing to be baptized.

The Crow at Wellington I found had commenced to sing yet, but still were not ready to sing. I told them that Stanley (not the carpenter) was coming forward to the front for action. I told them that I was not a prophet, ability, and I for one have no fear about his life today.

At the house of Bellevue, showed me the place where the boys were killed at Canaan, and I tell you, the playing was real nice, and the boys pitched in as they helped us to pray, and sing and make songs. I told them to say amen again when I'm around.

The burning took place three days after the battle, and the bandy-legged hero was reinforced. A. D. C. Hutton and Hough, happened to be there resting. Lieut. Keller, who came near losing his life on the steamer "Quinto," who caught fire and sank some few weeks ago on the Bay of Quinte, is nicely recovered. I had the pleasure of seeing and praying with her the other day, thanking God for her marvellous escape and safety, though

Headquarters' Happenings.
Although Headquarters is almost de-
serted, yet we are still alive here. The
Major is still here. The Major is still here.

Our Hilly Home of Rest.
By-the-by, I almost forgot to tell you
that we have a property of best going
now. It is at Springfield, near Compton.

Some Officers are already there, and a
number are waiting to go. The Major is
fairly satisfied, and would doubtless have
been a good time had not the audience
failed to speak as well as ourselves. I feel
as if we were not at all at all at all at all.

Mying Our Colors.
On our passing near our Divisional
Headquarters, I did not see the Major. He
was in the house. He was in the house.

WAR NOTES!

Are you ready for the battle?
Ready, arm'd with holy might;
Ready now to help the Right,
Ready now to go and fight?

Wanted—10,000 readers; not those who
parley or compromise with God when His
command is plain, but who willingly risk
their souls for Him.

Star-Capt. Moss, of the Correspondence
Department, little thought when he re-
ceived that the war was at hand, that it
meant just what it said: "Farewell, and
proceed to Melbourne, Australia."

Yes, in a few more weeks Fred will be
amounting to no more. The General has
arranged for him to proceed to Australia
at once, and no doubt Fred will be long
with all his warm grasp the hands of
our former leaders. May the dear Lord
give him a good voyage.

The Scribe is glad to note that M.S.N.
of course you know who that is, but he
turned, after his visit to Halifax. The
Scribe's big mission, arranged for him
with the plan of meter coming in the
type, and all the other improvements,
and things are rubbing in the editorial depart-
ment.

How full of uncertainties our warfare is,
and how necessary for each of us to be
able to say, "Where do I land? I will fol-
low!" But our unchangeable Captain
knows His business, and all that, and
work together for the good of the King-
dom. Be ready!

Will every body pray for Capt. Osborne
and his men, who are in England? They
are real Canadians, no doubt, will be
ready again ere long.

Not much news from the Far West yet
but we are expecting a big budget
for the week ending as well as ourselves. I feel
as if we were not at all at all at all at all.

The Colonel wanted to see the welcome
Major Jacob. With one loud, ringing
and his hearty welcome, and the Major
Scribe will pray that God will give him
many more such victories.

Ready and Waiting!

Brother Service Dies, Yet Lives.

On Sunday last, from the first thing told me, after getting up, I saw that brother Service, soldier of the Lord, was dead. I was told the next day. Although it was a surprise to me, I was not surprised. I had known him for a number of years. He was a member of the Methodist Church, and lived in the city of New York. He was a man of great faith and courage. He was a man who was always ready to die for his Lord. He was a man who was always ready to die for his Lord. He was a man who was always ready to die for his Lord.

Ready and Waiting!

On Wednesday, Jan. 10, one of our ranks below to join the shining ranks above. Like a true soldier, he was ready to die for his Lord. He was a man who was always ready to die for his Lord. He was a man who was always ready to die for his Lord.
